

# Palette

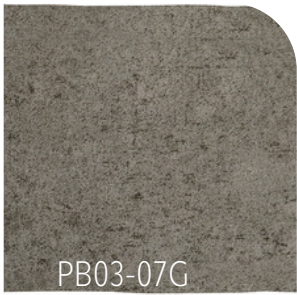

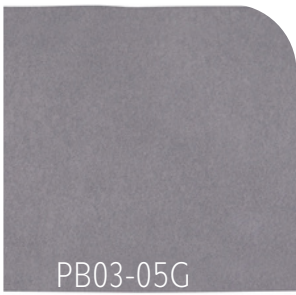

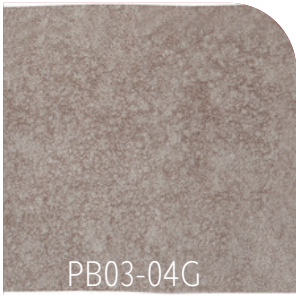

Palette is inspired by the artisanal watercolor ceramic technique that creates a color palette reminiscent of the four seasons. Palette beautifully links nature, aesthetics, and the build environment.

Palette Collection

Finish- GLOSSY

Available Color Selections

Size:

3" X 10"

  
Ceramic  
Stoneware

  
Wall  
Compatible

**V3**  
Moderate  
Variation

  
Thickness  
7.8mm

  
Pressed  
Tile

  
No V.O.C.

  
Frost Proof

  
Low Water  
Absorption

  
USA Made

| TECHNICAL FEATURE                  | METHOD       | VALUE REQUIRED<br>ANSI A 137.1 | STUDIO COLLECTION<br>RESULTS |
|------------------------------------|--------------|--------------------------------|------------------------------|
| MOHS Hardness                      | ASTM C-1895  |                                | 0 Glossy                     |
| Wedging                            | ASTM C-502   | ±0.25% or ±0.03 in             | N/A                          |
| Warpage Diagonal                   | ASTM C-485   | ±0.4% or ±0.07 in              | N/A                          |
| Warpage Edge                       | ASTM C-485   | ±0.4% or ±0.05 in              | N/A                          |
| Thickness                          | ASTM C-499   | Range: 0.040 inch max          | 7.8mm                        |
| Water Absorption                   | ASTM C-373   |                                | ≤ 20%                        |
| Breaking Strength                  | ASTM C-648   | ≥ 250 lbs (≥ 1113N)            | ≥ 125 lbs                    |
| Freeze Thaw                        | ASTM C-1026  | No Damage                      | No Evidence of Damage        |
| Chemical Resistance                | ASTM C-650   | As Reported                    | Class E                      |
| Dynamic Coefficient<br>of Friction | ANSI A 326.3 | ≥ 0.42                         | N/A                          |
